

When? Why last week. We said that in stock-taking we had found in all Departments small lots of goods that it would hardly pay to list. We have found a surplus of desirable

MUSLIN UNDERWEAR.

We want you to buy some, although it may seem too cool for such a suggestion, but spring will soon be here and higher prices as well. We have too heavy a line of

TABLE DAMASKS, NAPKINS AND TOWELS.

They must be sold at some price and the buyer will make money by buying now.

T. G. WEBBER, Supt.

UTAH NEWS.

THE HERALD is delivered daily by carrier in Ogden and Park City at 10 cents per week. \$1.00 per month, or \$10.00 per year. Subscribers will continue a favor by notifying the office when delivery is not promptly made.

BRANCH OFFICES:
OGDEN—Room 41, Utah Loan and Trust Building, Telephone No. 128.
PROVO—Deseret Telegraph Building.
PARK CITY—Utah Central Ticket Office.
LOGAN—Kimball Bros., Real Estate Office.

Advertisements left at branch offices will appear in the next issue.
Our agents will take subscriptions and issue receipts.

OGDEN.

SUNDAY, January 17.

IN ALL THE COURTS.

Deputy Marshal Bowman Asks for a Bill of Particulars—Luker's Arrest.

The following orders were made in the First District court yesterday:

H. G. Warner vs. George A. Barry: on motion of A. R. Heywood motion for a new trial granted.

In re accounts of E. H. Parsons, United States marshal, order approving accounts.

A. W. Wertz vs. Western Union Telegraph company: order granting five days further time in which to prepare and serve statements on motion for a new trial.

James H. Russell vs. C. R. Hank: order for publication of summons.

N. R. Bowman vs. Leo Gibson et al: on motion for a decree of foreclosure, order that so much of the referee's report as allows the plaintiff an attorney's fee of \$400 be set aside and that in lieu thereof be allowed \$250.

PROBATE COURT.

In the probate court yesterday the following orders were made:

In the matter of the estate of — Norquest, an order was made appointing Andrew G. Erickson administrator, with bonds fixed at \$1,000.

An order was made in the same estate appointing C. J. Lindquist, Rasmus Christofferson and J. M. Anderson as appraisers. A petition was filed asking that the estate be set aside for the use of the family. The date of the hearing was set for Friday, January 20.

C. E. Brannard filed a petition for letters of administration in the estate of Nathan Simmons, and an order was made setting Wednesday, January 27, as a date for hearing.

POLICE COURT.

Yesterday was rather an exciting day in police circles, especially when the blue coats were called upon to quell the rebellion of two intoxicated dunces of the town. The two started out together in a two-wheeled cart, driving through Washington avenue several times at a high rate of speed forcing everyone to clear the way for them. They finally stopped in front of W. H. Wright & Sons' store, alighted from the cart using profane language, when Policemen Geyer and Tyson appeared. They finally stopped in front of W. H. Wright & Sons' store, alighted from the cart using profane language, when Policemen Geyer and Tyson appeared. They finally stopped in front of W. H. Wright & Sons' store, alighted from the cart using profane language, when Policemen Geyer and Tyson appeared.

Thomas Duran and Patty Rowe were tried on the charge of carrying a weapon. The former paid a fine of \$10 and the latter was taxed \$7, which was suspended on promising good behavior.

Fred Greenwell was fined \$7 for fast driving.

The La Plata Road Cleared.

Captain C. W. Westover, of the Red Jacket mine at La Plata, informed a HERALD representative yesterday that the road to the camp was now open and on Friday he sent up eight ore wagons, which will probably arrive in Ogden Monday or Tuesday loaded with the products of the mine. Mr. Westover thinks La Plata will have a marvelous boom in the spring.

More Light.

A few days ago Deputy United States Marshal B. A. Bowman received an anonymous letter through the mails and in reply requests that the following be published:

OGDEN, Utah, Jan. 15, 1892.

To whom it may concern:

On the 13th inst., I received through the post office an anonymous letter addressed to the United States marshal, charging me with watching very closely the intrusions of the Edmunds-Tucker law, when committed by Mormons, and warning that if I continued to do so I would be liable to a certain prominent hotel in this city. If the party who wrote the letter will call at my office and make complaint, I will see that the parties who make complaints will be arrested and prosecuted.

B. A. BOWMAN, Chief Deputy.

Died Among Strangers.

A passenger by the name of A. W. Burneson died of heart trouble at the union depot while waiting for a train on Friday night. He left Van Buren, Arkansas, last Tuesday in company with his wife, and was on his way to Eugene City, Oregon. The remains were taken to Richey Brothers' undertaking parlors and a telegram

sent to a son of the deceased, H. A. Burneson, from whom they are awaiting instructions as to whether the remains shall be interred here or not. Mrs. Burneson returned to Arkansas yesterday afternoon.

Ecclesiastical Directors.

The directors for the ensuing term of the Church of Jesus Christ of Latter-day Saints for Wilson ward filed their bonds with the county clerk yesterday. They are Edwin A. Brigham, W. B. Wilson, W. E. Brigham, John Racham and Thomas J. Wilson.

Ole Olsen, James Johnson, Gilbert Beldnap, Nephil Hardy, John W. Hooper, John Murray and W. W. Child, directors for Hooper ward, also filed their required bonds for the faithful performance of their duties.

The Arrest of Mr. Luke.

F. G. Luke, of Luke's knitting factory, was arrested on Friday night on the charge of running a lottery. For some time past Mr. Luke has been conducting numerous clothing clubs. Each club is composed of forty members and at a drawing held each week one of the number draws out a suit of clothes, and the following week another member is substituted in his place. Each member pays \$1 per week and if not successful in drawing out a suit of clothes, Mr. Luke is taken before United States Commissioner Hulsanoff, waived examination and gave bonds for his appearance before the grand jury in the sum of \$500. He was seen by a HERALD reporter and said that the clothing club was being conducted as usual and that the action brought against him did not cause him any uneasiness.

"The supreme court in several of the eastern states," continued Mr. Luke, "has sustained my method of conducting the clothing clubs. My case will of course go before the grand jury and then it will be dropped."

I looked up all the technical points before I began the clubs, and I am satisfied there is nothing to sustain the charge. We are paid \$40 a week for a suit of clothes in each club, and it is only a question between the members themselves which get it cheapest."

"Who is the complaining witness, Mr. Luke?"

"His name has not been made public. But all this trouble has been brought about by the failure of the city clubs to have been lively competitors for them, and they have hired this man who hasn't a cent on earth to endeavor to put a stop to them. Before they are through with this matter I predict they will have a more serious time of it than before."

Party at the Hot Springs.

Friday evening Manager B. F. Locke of the Hot Springs hotel invited about thirty couples to a party at the hotel.

He spent the evening with him at that popular resort. The party went out in sleighs and was treated to a bounteous supper, after which the doors of the spacious parlors were thrown open and the hours were enjoyed in dancing. The party returned to Ogden about 3:30 in the morning.

The Turner Ball.

The masquerade ball given in Turner hall on Twenty-first street on Friday night by the members of the Ogden Turnverein was a grand event. The building was completely packed with lovers of the terpsichorean art, and many of the masks were costly and artistic. Everyone seemed to enjoy himself and express much admiration of the manner in which it was conducted. Over one hundred couples were present.

General Glimpses.

The streets were very sloppy yesterday. The city fathers will most as usual to-morrow.

J. D. Henick celebrated his sixty-first birthday on Friday.

Representative James N. Kimball is home from the legislature.

Joseph Brinker, of the Rio Grande Western railway, was in the city yesterday.

Chief clerk of the Council, J. W. McNutt, is home from Salt Lake to remain over Sunday.

United States Marshal E. H. Parsons was up from Salt Lake yesterday on business.

Deputy United States Marshal B. A. Bowman was a passenger to Logan last evening.

In Commissioner Cross' court yesterday seven civil cases were tried, two settled and nine judgments rendered.

Judge W. L. P. Peyton's smiling face has not been seen in his usual walks for several days on account of an attack of the grippe.

The Evening Mail was issued last evening as a six-page paper. It made a very creditable appearance, and the proprietors feel proud of it.

Charles M. Beason came down from Pocatello yesterday, where he has been long after some live stock interests for Sparks Brothers.

Mrs. Judge C. F. Looftbourough, of Salt Lake, paid a call on the city yesterday on her way to California, where she will sojourn for several weeks.

While out for a sleigh ride yesterday afternoon a horse attached to a sleigh driven by Mrs. O. J. Kiesel became frightened and ran away. The sleigh was almost completely demolished, but luckily the lady was not seriously hurt.

Richard L. Rowe, editor of the defunct Commercial, has issued a neat pamphlet containing much information concerning Ogden city. The contents were compiled by himself, and are very accurate and reliable in every particular.

BRIGHAM BRIEFS.

Mines, Visitors, Electric Lights, Natural Gas, Water Works and Other Things.

The Grand View and Surprise mines, only two miles from the center of the town, are now being worked night and day and every indication points to a good strike shortly.

These mines assay nearly \$100 in copper, gold and silver, and the owners are determined to go to the bottom of them.

The company will shortly incorporate, and the working force will be increased soon as the mines will permit.

The discovery of mineral by L. A. Snow and William Bowden, while digging a well on the mountains east of town, is attracting much attention and may yet prove a big thing. The first assay showed a trace of silver and a trace of gold, and another one just received from Butte shows several ounces of silver and a heavy trace of gold.

Richards is still hammering away on some of his prospects, and the prospects are he has got a good thing.

Rees is too old a man and has had too much experience in mining to waste much time on worthless prospects, and we expect soon to see him "digging out" shipping ore.

Work on the Gold Peak mine, owned by the Brigham City Mining company, has been going steadily all winter, and the tunnel is now in 140 feet. This company seems determined to see what they've got, and we hope it is a good thing.

THE QUESTION OF WATERWORKS.

has been discussed pro and con on the streets for many days, and no doubt everyone will soon know all about each side of the question, as it is one that has two sides. Nearly everyone wants waterworks, but the difference is expressed as to the ownership.

Some claim, and quite properly, that the city should own and control them, while others want some incorporation to take the matter in hand.

Talk is talk, when not idle chatter, but on this question is useless, as waterworks are a "go" next spring, and the city will be them in.

MOTOR LINE.

In pursuance to a call made in the Bugler, some two hundred and fifty couples met in the Second ward hall, to consider and debate the question of the extension of the motor line from the Warm Springs to Brigham depot.

In behalf of the road Mr. La France, of Ogden, explained the matter, and we are pleased to say a very favorable impression was made on the citizens in favor of the road.

A committee was appointed to confer with the officers of the road, and to ascertain what inducements the city and business men would hold out.

The extension of this road would mean considerable for Brigham, and we do not hesitate in saying the road will be built.

ELECTRIC LIGHTS AND NATURAL GAS.

The electric lights were turned on this week, but owing to some difficulty with the water power, did not burn to their full capacity. This will all be remedied soon, and the gleaming will be knocked out of people's eyes.

We understand the county court insists upon the Union Pacific lighting the railroad crossing, and this means the extension of the lights down Forest street to the depot.

A number of gentlemen were expected up from Salt Lake this week to investigate our gas wells, but for some unknown cause failed to "show up." One of our gentlemen we've got the jumbo gas wells in this western country, and they'll bear investigation, too.

PERSONAL, ETC.

Lucius Wilson was brought down from Logan the other day ill with pneumonia, and is now dangerously ill. We hope soon to hear of him taking a turn for the better.

A. E. Snow spent several days of this week at the capital.

N. Hanson is down from Butte.

The hall at the opera house last night was a pleasant affair and largely attended.

BRIGHAM CITY, Jan. 16.

Third and Main, it was decided to organize a stock company, if possible, and put up a four-story building in accordance with the plans now completed. The building is estimated to cost about \$75,000, and would be as much to the beauty of our city. It is to be hoped that our capitalists will take an interest in the matter, and get it started at once.

A VICTIM OF A WRECK.

Fireman William Reese, who was injured in the Echo ration wreck last Saturday night, is at his home in this city under the care of Dr. Ormsby, assistant Union Pacific surgeon, who thinks he can save Mr. Reese's leg, but that it is a fearful injury, the flesh on the limb below the knee being partly cooked by the steam. Will is a Logan boy, and has the sympathy of many friends here.

GENERAL AND PERSONAL.

A telegram received by Mr. Lowe, of Providence, stated that Willard Elsworth, of Louisville, Idaho, was accidentally shot and fatally wounded while hunting, Thursday afternoon.

Several days ago a boy (name not learned) borrowed a horse and saddle in Lewiston to ride to Corvallis. Since then nothing has been heard of boy or horse.

Marshall Farr, Thursday afternoon, caught a saddled horse of Maine, which answered the description given of the missing animal. Nothing heard of the boy.

Aaron Farr, Jr., returned from the capital Thursday, the discoverer of the Sunday, of La Plata mine, is in Logan, en route for La Plata.

MISCELLANEOUS.

On recommendation of Collector J. H. Blood the water tax of several indigents was remitted.

The bill reported by the judiciary committee with recommendation that it be passed, was read, and after due deliberation was passed by unanimous vote of the councilors present. The bill provides for a reduction of the license on pool and billiard tables from \$50 to \$40 per annum. Council adjourned.

THE CITIZENS' TICKET PROPOSITION.

Although the Democrats are in such an overwhelming majority in Kayville that they are confident of electing their nominees for the municipal office on February 1st next, there is more than ordinary amount of interest being manifested with regard to the forthcoming election. Some of the Republicans in the city, because they realize that it is their only chance of being represented on the ticket. A meeting of the Democratic club is to be held at the city hall at 7:30 this (Saturday) evening when it is expected the proposition will be brought up for discussion. If it is not rejected it will be met by such rebuke at the hands of the club that its advocates will understand clearly that they cannot count on the Democracy to support any such unreasonable proposition. It is necessary to nominate a Citizens' ticket in order to keep the reins of municipal government from the hands of the Liberal faction it would be all right, but while the Democrats are in such a great majority, and while they sustain their record for fair and honest government there is no valid reason why the ticket of the Democrats should not be in the field should be entertained.

THE BALL.

given by the Social and Literary society at the music hall last evening was fully up to that society's most excellent standard.

NOTES ON THE SIDE.

The weather was rather severe during the early part of the week.

Mr. William L. White, of Salt Lake, was here on business yesterday.

Mr. Joseph A. West is in Kayville on business for THE HERALD.

Deputy Marshal Bowman Cannon paid Kayville a visit on official business yesterday.

Mr. Thomas Robbins is one of the happiest men in town on account of the arrival at his home on Tuesday evening of a "bouncing baby boy" in all that the term implies. The new comer tips the beam at thirteen and a half pounds.

The Boston Ideal Comedy company played to one of the slimmest houses ever seen at the Music hall on last Tuesday evening. The entertainment was no good and the good thing was that they left in to the extent of their time and admission price.

It was rumored here this week that a movement was on foot in Farmington to that town to incorporate as a city. A mass meeting of the citizens was held last Monday evening for the purpose of discussing the matter and those present decided that it was necessary to maintain a municipal government we wish their venture success.

KAYVILLE, Jan. 16, 1892.

FARMINGTON FACTS.

County Seat Question—Local Improvements—The Clipper.

We are yet alive and attending to our duties and even hold the "balance of power" as regards the county seat, notwithstanding the energetic efforts of a would-be booming city adjoining us on the north.

The public has not heard much from us except from Kayville through the columns of THE HERALD, and we have been called "the sleepy village." Although the above has worried us about as much as a mosquito, yet a decent respect to the opinions of mankind requires that we be heard.

With natural surroundings as in their favor their wisdom and judgment don't surpass ours very much. Our sidewalks, for instance, are ten to twelve feet wide, theirs about seven to eight. A new and costly city hall has been built in the north of the main portion of the city; the vacant city lots in every direction from it are composed of clay soil, forbidding the growth of the city in this direction, especially as there is rich farming land adjoining the city on the south.

I mention these not out of a spirit of revenge, but with a hope that others similarly situated may perhaps profit by them.
